

fishing in france *Limited*

the ultimate fishing experience

étang le rocher

The Journey

All your worries are over; you can relax, when our luxury mini-bus and trailer picks you and your tackle up from our designated pick up points. The mini-bus is air-conditioned with on-board television, showing videos of the lake and **Etang le Rocher's** spectacular fishing.

Your journey takes you to Portsmouth where we catch the Saturday night ferry at 10.45pm; inclusive in the price is a cabin sharing four people, where you can get a good night's sleep. The best part is that it is only a one hour and forty five minutes drive before you are at the lake. For the return journey we leave the lake at around midday Sunday and arrive back in England at approximately 9.00pm.

The Lake

Etang le Rocher is a beautiful 300 year old French estate lake, a little under 7 acres, set in 25 acres of thick forest.

The lake has deep margins all round, where the huge French fish like to test your tackle to its limits. It is very heavily stocked with *Commons, Mirrors, Leathers, fully scaled Mirrors* and

Sturgeon to over 60lbs. Most of the fish are over 35lbs, so a lot of personal bests can be broken. This is exclusive for just six people per week, so group bookings are encouraged.

Etang le Rocher is private so fishing permits are not required.

The Lodge

The Lodge has a large dining area, where we serve a full English breakfast and an evening meal. We also cater for vegetarians, but please advise at the time of booking. There is free tea and coffee at all meals.

The Lodge boasts Sky TV, a full sized super league pool table plus darts. There is a shop where there is a large selection of tackle, bait, particles and films – snacks, sweets, cold drinks and, of course, lots of ice cold beer. Facilities at the Lodge also include an English shower and toilet block.
